
PVL 29

PVL 29 - Key Features

Large Dimensions

PVL screens go as wide as 8 meters (26.2 feet) to 4 meters (13.1 feet)

Double Coated Mesh

Our soft screens can easily withstand strong-wind pressure without losing shape.

High Tensile Strength

Our wires are 5 times stronger than common wires and don't break easily under pressure.

One-finger operation.

Our slide stability rollers helps you operate the screen from any height, with just one-finger.
